Oh! Sorry I missed you. [Ex. 6 Personal Privacy (PP)] in the office about 12:30 for a meeting before an interview with a guy Karen Hamilton is considering hiring. I think that pre-interview meeting, the interview and post-interview meeting took up the afternoon till your quitting time!

Hi Lucita,  
I propose this response to Ms. [Ex. 6 Personal Privacy (PP)]'s letter. Jodie would like to get together for a quick call sometime today to talk about the best way to respond back to Ms. [Ex. 6 Personal Privacy (PP)] since the letter actually arrived to us via email from Senator Thune's office. I guess we could wait till it arrives in our office.

I am teleworking today so give me a call at home if you would like to talk about it.  
Thanks!

Hi Jody: both Valois and I met with this person recently. Some of the questions concern matters that are pre-decisional, so I don't think we are in a position to answer all of these questions before we issue our draft permits in 2017. Also, these questions are both technical and legal so I am copying in Lucita Chin, our UIC attorney. Once Valois and Lucita review this letter, we should know better how long it will take to prepare a response and which questions we can respond fully to now.

Hi Douglas,

Here is the letter that I referenced in my voice mail. Please give me a call at your convenience to discuss how to respond.

Thank you!

Jody

Hi Jody,

I'm glad I was able to catch you on the phone this afternoon. Welcome to your new position!

Please find attached a letter to Administrator McGrath from [Ex. 6 Personal Privacy (PP)], who represents a group of concerned citizens from the Edgemont, SD, area. As you will note, they have a few questions regarding the potential issuance of a draft permit for injection wells at the Dewey Burdock Area near Edgemont.

Senator Thune would appreciate you reviewing Ms. [Ex. 6 Personal Privacy (PP)] questions and responding to her (and copying me) with the response from Region 8.

Thank you for your time and attention to this matter.

Sincerely,
